

The Story of Periodontal (Gum) Disease

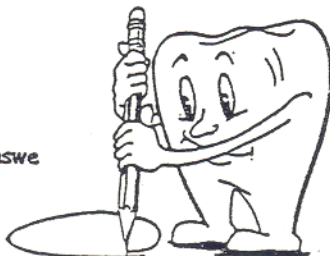

<p>1) Healthy Gums Light in colour, fit snugly to the tooth & do not bleed.</p>
<p>3) Loss of bone and fibres that support the tooth in the socket</p>

<p>2) Gingivitis Puffy, sore gums that bleed during brushing</p>
<p>4) Tooth Loss The end result of gum disease</p>

Key

	Calculus + Plaque
	Gum
	Bone
